

William Hiltz
Chief Fraud Examiner

William (Bill) Hiltz is the Chief Fraud Examiner of **prosperident**, the only company in North America specializing in the prevention, investigation and remediation of frauds committed against dentists.

Bill is a “dental computing” geek and electronic data analysis expert. Armed with a graduate degree in business, multiple diplomas in computer science, a certification in engineering technology and 20+ years of dental experience; Bill has investigated hundreds of thefts committed against dentists.

Over the years, Mr. Hiltz has been involved with initiatives to develop and implement fraud monitoring systems and products specifically for the dental profession.

He is an active member of the Association of Certified Fraud Examiners and has delivered seminars and courses to various anti-fraud associations across the country. He is a seasoned speaker; and is often sought after as a speaker for regional and national dental conferences on the subject of embezzlement. Bill’s presentations allow him to draw on knowledge and anecdotes gleaned from his extensive experience in a way that is both fascinating and educational.

We find needles in haystacks
